**HISTORY**... Ever since I was young, I have loved all types of food. The passion was created when I was born in a mixing bowl in a bakery. I love to play in the kitchen and create new flavor sensations or recreate a flavor. I have entered numerous BBQ contests throughout the Valley and have been fortunate to have won a few. A lot of the items on the menu are competition winners including the Verno's Signature Creamy Oriental Dressing, the smoked Tri-Tip and the "Bad Ass" Bacon Gravy. **This menu is not limited – so, let's talk. I bet, I can create some magic for you!**
