Beretta Armorer's Course

Course Description: In order to maintain the Beretta weapons in excellent serviceable condition - ready for trouble free field performance - and extend their service life at minimum cost, armorers must have an in-depth knowledge in appropriate maintenance.

The Beretta Armorer Training Course is designed for the professional armorer, firearms instructor, and technical service personnel. This course provides complete, detailed answers to specific questions concerning the mechanical functioning, operational procedure, field stripping, inspection, trouble shooting, and maintenance of our firearms.

This is a one day course open only to law enforcement officers, military, and security personnel. Certification will be provided by Beretta U.S.A. upon successful completion of the course and is valid for a period of **3 years**.
